

School Associated Cases

Forest Area Community Schools

2021 – 2022

Forest Area Community Schools is mandated by the Michigan Health Department to report cases of probable or confirmed COVID-19 amongst students, teachers, staff members, coaches, volunteers, or any other person who was present on school property or at a school function under circumstances that may result in the transmission or contraction of COVID-19 during their infectious period. A new case is one from the past 14 days.

Building	New Cases	Cumulative Cases
Fife Lake Elementary School	1	20
Forest Area Middle/High School	0	32
